Millat Dealership, 10 Abbott Road, Lahore

01 · FREEDOM TO MOVE

Own your schedule.

A lecture at 8 a.m., a shift across the city, your own business to run. A Millat EV puts your day in your hands, not in the hands of a lift or someone else's route.

BUILT AROUND **Students** **Working women** **Teachers** **Home-based businesses**

Go on your schedule

No waiting for lifts and no timetables. Leave when you are ready.

Ride with confidence

A guided demonstration and a supervised test ride before you decide. Helmet provided.

Get time back

A shorter, easier commute leaves more time for study, work, family and yourself.

Ladies' test-ride sessions

Relaxed, appointment-based sessions. **[dates to confirm]**

02 · FIRST-TIME RIDER CONFIDENCE

New to riding? You are in good hands.

Practical questions matter as much as price. Our team takes you through each of them before you decide.

Easy handling
A guided demonstration of the controls, at your own pace.

Braking
Practise stopping safely in a supervised test ride.

Battery safety
Charging and battery care explained clearly.

Service support
Know where to go for servicing and help.

Riding orientation
Rider briefing and helmet provided. **[confirm]**

03 · A CLEANER CITY

Better for you. Better for Lahore.

Every petrol trip you replace with an electric one means cleaner air for your city and your family.

- **Zero tailpipe emissions**
- **Quieter streets**
- **Electric power, not petrol**

Book a ladies' test ride.

06 · FINANCIAL EASE

Make the numbers work for you.

See what a typical daily commute of 30 km costs on a petrol bike and on an electric bike.

Petrol bike	125cc petrol bike
Fuel price	**Rs 390 per litre**
Distance per litre	**40 km**
Cost per km	**Rs 9.75**
Oil changes and tuning	**Extra cost**
Monthly cost (30 km a day)	**Rs 8,775**

Electric bike	charged at home
Electricity price	**Rs 5 per unit**
Distance per charge	**50 km (Rs 12.50)**
Cost per km	**25 paisa**
Battery replacement	**Covered (5 years)**
Monthly cost (30 km a day)	**Rs 225**

ILLUSTRATIVE MONTHLY SAVING ON FUEL AND CHARGING

Rs 8,775 petrol compared with Rs 225 electricity

Rs 8,550

OVER FIVE YEARS

PETROL BIKE

Rs 526,500

Petrol only. Oil changes and tuning are extra.

ELECTRIC BIKE

Rs 13,500

Electricity only. Battery replacement is covered by the 5-year warranty.

YOU COULD SAVE

Rs 5.1 lakh

Rs 513,000 over five years.

Assumptions. 30 km a day, 30 days a month, over 60 months. Petrol at Rs 390 per litre and 40 km per litre. Electricity at Rs 5 per unit, with one charge of 2.5 units covering 50 km. Battery replacement for the electric bike is assumed to be covered by the Millat EV 5-year battery replacement warranty (terms and conditions apply). Petrol bike oil changes and tuning are not included. This is an illustrative comparison, not a guarantee. Your actual costs depend on your electricity tariff, your distance, the model you choose and how you ride.

60 SEC

Get your own savings calculation

Our advisor compares your petrol spend with EV running costs, using your own distance and your own bike, and sends the summary to your WhatsApp.

Note: All figures are approximate. Actual costs and savings may vary depending on usage and prevailing fuel and electricity prices.

MILLAT DEALERSHIP OFFER 07 · SPECIAL FINANCE PROGRAMMES

Spread the cost.

ITEM	YOUR TERMS
Down payment	[PKR ____]
Monthly instalment	[from PKR ____]
Tenure and financing partner	[__ months · bank]
Eligibility requirements	[to confirm]

Finance is subject to partner approval. Refer a friend and earn a reward after a verified sale (terms to be confirmed).

MILLAT DEALERSHIP OFFER 08 · TRADE-IN

Trade in your old bike.

Honda, Yamaha, Suzuki or another make. Bring it in.

1. We inspect your bike
2. You get a documented valuation
3. You see your net upgrade cost, in writing

Documents needed: [to confirm]

GOVERNMENT PROGRAMME

09 · GOVERNMENT SUPPORT

PAVE e-bike subsidy.

Under Pakistan's PAVE programme, eligible buyers may receive a government subsidy toward an electric bike, through a bank lease or a self-financed purchase.

On Millat models: [confirm]

- We check your eligibility
- You register on the official PAVE portal
- You choose a bank lease or self-finance

Subsidy availability, amounts and eligibility are set by the Government of Pakistan and may change, and are subject to Millat model approval under the scheme. Provincial programmes for students have also been announced; ask us what may apply to you. Dealership offers are provided by Millat EV and its financing partner and are separate from any government programme.

Ask us about your plan.
